WINNIPEG EXHIBITION.

Formal Opening Yesterday—City Crowded With Visitors.

Winnipeg, July 21.—Winnipeg is crowded with visitors for the summer Industrial exhibition. In spite of the increased accommodation of most of the hotels, they are full today with exhibition visitors. This year's exhibit, it is thought, will be a record one, and from present indications this idea is well grounded one. Every train that arrives brings in large crowds even at this early date. The fair was formally opened this afternoon by His Honor the Lieutenant-Governor, Sir Daniel McMillan.

BODY RECOVERED.

Remains of Baxter S. Hardin Will go East For Burial.

Kaslo, B. C., July 21.—(Special).—The body of Baxter S. Hardin, mining engineer and assayer at the King Solomon mines, who was accidentally drowned on Friday last at Woodbury creek, will be shipped East to relatives in Lima, Ohio. Dr. Rogers, coroner, reports that deceased was carried down over several rapids and was found near the mouth of the creek. D. H. Hardin, manager of the company, is in town today making necessary arrangements for the shipment of the body. Deceased was 30 years old and carried a life insurance policy.

TO ATTEND CORONATION.

Washington, July 21.—Admiral Crowhills left yesterday from Christiania, Norway, for Chatham, England, with the European squadron, consisting of the Chicago, San Francisco and Illinois. The latter will go into dry dock at Chatham on her arrival. The admiral will arrive in England in ample time for the coronation ceremonies, August 9, and is invited to attend the naval demonstration will be present with the Chicago.

OVER A HUNDRED PERSONS DROWNED

Excursion Steamer Sunk Near Hamburg—Ferry Boat Sunk in Volga.

Hamburg, July 21.—The steamer Primus, owned by the American line, with 130 passengers on board, was cut in two and sunk by the tug Hansa on the river Elbe near Hamburg, early this morning. So far as is obtainable about 50 persons were drowned. Thirteen bodies have already been recovered. The disaster has caused deep gloom here. Many children lost both their parents. The Choral society, which was on board the excursion steamer, consisted mainly of workmen. There were no foreign passengers.

Capt. Peterson, of the Primus, swam ashore and gave himself up to the police. Capt. Sackes, of the Hansa, also surrendered. The Primus was the oldest boat on the Elbe. She was built in England in 1884, and had never before met with an accident. The Hamburg-American line, which owns the tug Hansa, issued a statement to the effect that the weather was fine, the moon was shining, and that both vessels were steering accurately clear of each other. Suddenly the Primus when about 450 feet from the Hansa put her rudder hard aport and crossed the bows of the latter. This mistake, continues the statement, rendered a collision unavoidable.

The only possible step for the Hansa to take to go full speed astern, was carried out immediately, but without avail. Less than a minute elapsed between the time the Primus crossed her course and the collision. Boats were immediately lowered from the Hansa, ropes and ladders were thrown overboard. Fifty persons were rescued by the boats. At the same time the Hansa tried to push the Primus ashore, but being of deeper draught grounded herself before the passenger boat. The Primus floated down stream and sank 300 feet from the Hansa.

St. Petersburg, July 21.—A ferry boat while crossing the river Volga, today at Geresnik, sunk and 58 harvesters were drowned.

FLOODS IN THE STATES.

Kesok, Iowa, July 20.—People at the river cities give accounts of losses aggregating many millions of dollars. Hundreds of farmers, rich ten days ago, are penniless and homeless today. Careful estimates gathered from the best informed people indicate the loss up to today at about \$6,000,000, with every prospect of two or three million additional. Most of the losses are on the right side of the river between Keokuk and Hannibal.

WATERS RISING.

The river is rising all the time. It rose six inches during the day over the immense area of the seven hundred square miles, and the worst is to come when the tension of the flooded area by the extension of the flooded area by the water passing levees which it is now topping. On the Illinois side are three continuous levees for 40 miles from Warsaw to Quincy above the water, which are thus far safe, but every rod of the redoubt is watched day and night. The breaking of these levees would flood 175 square miles in Illinois and destroy \$2,000,000 of crops and property.

The levees below Quincy are in the same situation, except that they are lower and less firm. Opposite Quincy in Missouri is still another centre of special devastation which is appalling. Levees hastily thrown around farms are disappearing. Lone Tree prairie, 10 miles square, is deserted, the population having fled to Quincy and the bluffs on the Missouri side, from which they watch the complete destruction.

THREE PERSONS DROWNED.

Binghamton, N. Y., July 20.—A cloud-burst last night at Coventry, this county, sent Bump creek over its banks, wrecking several mills and buildings. At least a family of three persons was drowned. Three separate cloudbursts are reported in the county, and much minor damage has been done.

Baltimore, Md., July 20.—A fierce tornado of extraordinary velocity, thunder lightning, and a heavy rain suddenly burst upon Baltimore at 1.30 p. m., today, coming from the southwest. Eleven persons lost their lives, hundreds of houses were unroofed. Trees in the public parks and streets were torn up by the roots, many buildings damaged, and several people injured. The storm exhausted its fury in less than fifteen minutes.

NEWSPAPER SOLD.

Philadelphia, Pa., July 21.—The Philadelphia Public Ledger was today purchased by Adolph S. Ochs, from Geo. W. Childs, Drexel and the Drexel estate, and possession was at once given to Mr. Ochs. The purchase includes all the Public Ledger estate, comprising about half a block of improved property on Chestnut and Sixth streets, facing Independence hall. The price is not made public, but it is stated on good authority to be over two and one-quarter million dollars.

Immigration From Britain Increased Over Five Thousand Last Year.

List of Canadian Soldiers Who Will Attend at the Coronation.

Changes Announced in Ranks of the Rocky Mountain Rangers.

Ottawa, July 21.—(Special).—The interior department has completed the immigration figures for the fiscal year ending the 30th of June last. British immigration totalled 13,000. The previous year it was 11,810. Eleven thousand has been the average figure of British arrivals for some years past.

Col. Turner, C. C. of Quebec, who is to command the 13 mounted men going to the coronation, is in the city consulting with the adjutant-general. The list of those from whom the selection has been made is as follows: Sergt-Major Wilgery, R. C. D., Toronto; Sergt-Instructor Leblond, R. C. D., Toronto; Sergt-Instructor Rhodes, R. C. D., Toronto; Sergt-Instructor Skinner, R. C. D., Toronto; Sergt. Baldwin, R. C. D., Toronto; Sergt. Hudson, R. C. D., Toronto; Corporal Smith, M. G. B., G. B., Toronto; Sergt-Major Knight, P. W. M. P., Regina; O. M. Sergt. Parker, Strathcona Horse; Corp. G. H. A. Collins, P. L. D., Ottawa.

Pte. McCusker of the Second Dragoons, St. Catharines, and Sergt. Anderson of the Eighth Princess Louise Hussars, New Brunswick, were also chosen but by some formality they must be approved or sanctioned by the officers commanding their corps and later on must be reached so the two will likely be done out of their trip and replaced by others. The detachment will embark on the steamship Pretorian at Montreal on Friday night to sail on Saturday morning.

The following changes are announced in the Rocky Mountain Rangers: Capt. G. D. Reid, resigns; Lieut. W. J. Twiss, resigns; to be Captain, Lieut. M. J. Holmes, from the reserve of officers, vice Reid; to be Lieutenant, Second Lieutenant H. P. Hicks; to be Second Lieutenant, provisionally, H. A. M. Blackburn and A. T. Garland.

Toronto, July 21.—A Mail and Empire despatch from White Horse, Y. T., says: "Steamer Co. Sunday, with Governor Ross on board, from the reserve of officers, vice Reid; to be Lieutenant, Second Lieutenant H. P. Hicks; to be Second Lieutenant, provisionally, H. A. M. Blackburn and A. T. Garland."

ELECTRICIANS WIN.

Toronto, July 21.—The electricians strike is ended at 10 o'clock. Tonight the minimum wage agreed upon is 25 cents for an eight hour day. The union is also recognized.

COMMITTED SUICIDE.

Halifax, July 21.—Alexander Mackay, 45 years old, a confectioner, committed suicide by tying a stone to his feet and jumping into the sea in the Northwest arm last night. The body was recovered.

SUSPICIOUS CIRCUMSTANCES.

Toronto, July 21.—Geo. Whalley, 55 years old, shipper for Evans & Sons, wholesale druggists, was found dead in the basement of the warehouse yesterday with blood on his face, apparently from his nose. As this is the second death recently in the warehouse, a young shipper named Green having been discovered in a dying condition on June 7, apparently from hemorrhage, and as two attempts of an incendiary nature have been made to burn the warehouse on fire within the past two months, the police think there may be something more than accident or coincidence behind it all, and are investigating.

SAW MILL BURNED.

Point aux Perles, Que., July 21.—Laurie's saw mill, butter and cheese factory were destroyed by fire on Saturday, loss \$15,000. It is reported there is no insurance.

A HORRIBLE MURDER.

Halifax, July 21.—Six weeks ago Geo. Cooke, 45 years old, was married to Lydia Arnold, 42 years of age. Tonight he cut off her head with a razor. Cooke and his wife had been living with the latter's sister. At 6.30 this morning the sister heard her sister scream and rushing up to the room, found her sister lying on the floor with her throat cut from ear to ear. She ran to the nearest police station and an officer was sent up, who found Cooke lying on the bed under which his murdered wife had partially lay. The man was actually lying in his wife's blood. Cooke submitted to arrest without resistance, and told the officer that he had "finished her" and had cut her throat with the razor. Cooke is an old soldier.

PAINFUL ACCIDENT.

Cornwall, July 21.—Lilly Stacy, 19 years old, employed in the Stormont Mills of the Canada Colored Cotton Goods company, had her hair cut short tonight. She was fixing her hair preparatory to leaving work, when it was caught in the machinery.

INSANE AND STARVING.

Calgary, Alberta, July 21.—Three or four days ago a man was found on the trail along Nose creek, about 15 miles north of the city, lying two boys. The man was without boots and his clothes were in a very bad condition. He was famished and said he had been without food for five days, and was apparently insane, and could not tell his name, but said that he thought he had come from Vancouver, and was on his way to Bowmansville. The Mounted Police went out Saturday and brought the man in. He is in a very bad condition physically.

MAY YOHE ROBBED.

New York, July 21.—A formal complaint of grand larceny was made against former Capt. Strong, by May Yohe, who visited police headquarters, accompanied by her mother and her lawyer, and there charged Strong, who recently disappeared from his home at Hastings, with the theft of jewels, which she values at \$250,000. Her complaint was entered and a general alarm was sent for the arrest of Strong.

CANADIANS HONORED.

Lord Kitchener Names Heroes Who Fought at Boschult.

Toronto, July 21.—The Evening Telegram's London cable says: "Lord Kitchener in his last official despatch to the Gazette mentions the following Canadians who took part in the action at Boschult on March 31: Surgeon Deane, C. M. R., for good services; Lt. Bruce Carruthers, who fought until all his men were killed or wounded; Pte. C. M. Evans, who hospital orderly did especially good work under heavy fire; Corp. J. A. Wilkinson, promoted to rank of corporal for good work in Carruthers' party, was especially noticeable in rallying the troops; Corp. B. C. Perry, Canadian scout, gallantry in the action on April 4; Sergt. J. C. Perry, C. M. R., killed after good service at Boschult; Pte. C. M. Evans, of C. M. R., killed at Boschult; and two being mortally wounded fired two handbombs of ammunition and then broke his rifle to prevent the enemy securing it; Sergt. H. A. Lee at Boschult was tried to carry a despatch through the enemy's line under a heavy and close fire."

NANAIMO NEWS.

Boys' Brigade in Camp—Agitation for Double Mail Service.

Nanaimo, July 21.—(Special).—A party of 31 members of the Church Lads' Brigade arrived here this evening from Vancouver under charge of Rev. Mr. Roy. They will spend 10 days under canvas on Newcastle Island. The Board of Trade decided today to ask a conference with Mr. Courtney, traffic manager of the E. & N. railway, regarding the question of asking the Dominion government for a subsidy for a double mail service between Victoria and Nanaimo. The board recognizes that a double train service would be of great benefit to this city.

JAP FISHERMEN ATTACK INDIANS

Troubles at Steveston Indian Boat Stolen and Nets Cut.

Vancouver, July 21.—(Special).—The Province publishes a despatch from Steveston that the Japs who have refused to fish are committing depredations. They are said to have held up an Indian at point of revolver, cut nets and stole a boat.

Provincial police, under Superintendent Hussey, are here in an attempt to capture the guilty men. The Japs who did the holding up were from the C. P. R. cannery. They compelled the Indians to desist from fishing. Big rewards are offered today for the capture of net-cutters in the general having been destroyed last night. The cannerymen can get no information from the Japanese, who tell a different story every day and refuse to work.

Japanese fishermen are in disgrace both with the white men and the canners. They have proved treacherous with both, and the possibility is that very few Japanese will fish this year. Chief Hussey and half a dozen special provincial policemen are at Steveston, and last night quelled a riot amongst the Japanese. Some of them got drunk, started rough house and made a lot of time for the police and cannerymen. The Japs are still holding out and their patrols are trying to prevent white men from fishing in accordance with the union settlement with the Packers' association for a sliding scale. All hostile fishermen have accepted this, but the Japanese remain out and want to stop the industry.

NOBLEMEN ARRESTED. Comte G. de Belot and Mons. Raymond Bego, of Paris, were arrested this morning in Vancouver on suspicion of one of them being Frederick Humbert, the world-famous swindler. They were shadowed for 24 hours and arrested at the instance of the French consul, Baron de St. Laurent. They were liberated on proving their identity.

MARKET SITE.

The Canadian Pacific Railway company are offering the city a block for a market in exchange for street ends on the water front.

AUSTRALIAN LINER. Another big freighter will be here in September for the Canadian-Australian trade, necessitated by the large amount of freight offered.

Fast Line For Pacific

Dominion Ministers Invite Tenders for Eighteen Knot Passenger Service.

Separate Quick Freight Steamers Also Asked for Australian Trade.

Toronto, July 21.—The Telegram's London cable says: Members of the Dominion government in London, have invited the Allan Steamship company, the Elder-Dempster line, and others, to submit tenders for an 18 knot passenger service on the Pacific. The companies are asked to tender for a separate quick cargo service from Vancouver to Australia.

Liverpool, July 20.—The Journal of Commerce has been informed that the Canadian government has invited Messrs. Allen, Holt, Jones and other Liverpool ship owners to make tenders for service of 18 knot passenger steamers between Vancouver, Australia and points on the Pacific, and also for a service of commodious and quick freight steamers.

GARMENT-MAKERS' STRIKE.

Forty Thousand Ask More Wages and Fewer Hours.

New York, July 21.—The 25,000 garment-workers, who struck yesterday for higher wages and shorter hours, were joined today by about 15,000 others, who asked that 50 hours be considered a week's work. As this is the dull season in the trade, it is expected that it will be some days before the various interests get together.

LETTERS TO THE EDITOR.

We have quite a number of corre-
spondents who send us valuable and
interesting letters on public questions. Our
anxiety to publish some of these is sadly
diminished by observing them verbatim
at literature in the Times after the Colonist.
We often see excellent editorials in
the Times on more or less non-conten-
tious subjects, containing good sugges-
tions, and valuable comment. How
would our readers appreciate it if we
were to cut those out and publish them
as editorials in the Colonist next morn-
ing? If the matters so dealt with in
the one paper are taken up by the other,
a fresh point of view and fresh arguments
are justly expected by the reader. Yet
what is a letter to the editor, but the
expression of one citizen's views to the
rest of the community, and therefore a
similar effusion to an editorial except
that the paper is not responsible for the
opinions expressed? If the excuse is
made that many people read the one
paper who do not read the other, the
same excuse would apply to an inter-
change of editorials where different opin-
ions were not held. Another reason
against the custom is that to the unini-
tiated reader it gives the impression of
the one paper having clipped correspondence
from the other and addressed it to
itself. It is needless to say that signed
explanations, apologies, announcements,
or official communications from secre-
taries of associations and so forth, do
not come within the category of the
letters we have been describing.

AN OUTSIDE OPINION.

It is evident that the agitation about
our iron resources to which the Colonist
has been devoting some attention is hav-
ing some effect outside the province at
least. The Hamilton Herald published
at one of the important seats of the iron
and steel industry in Canada says:
"British Columbia has adopted a tim-
ber policy something like the one we
have in Ontario, designed to stimulate
the manufacturing of timber into lumber
by putting a restriction upon the export
of timber. The policy is working well,
many American lumbermen in the ad-
joining state having decided to move
their mills to British Columbia. It is a
pity that the government of the Western
provinces has not thought of adopting a
similar policy with reference to iron
ore."

There can be no question at all that
Ontario has set the pace for Canada in
the protection and development of both
the lumber and iron industries. The
quicker we learn a lesson from Ontario
the better will it be for ourselves. On-
tario brought the American exploiter of
Canadian raw material up with a round
turn, and has grown in wealth, pros-
perity and population in consequence.
There has been some doubt in people's
minds as to the amount of the bounty
paid by the Dominion government on pig
iron made in Canada from Canadian ore.
Up to the 30th of June this bounty was
\$3 a ton. It is now \$2.70 a ton. From
1st July, 1903, it will be \$2.25, and the
year following that \$1.65, and so on
falling every year until 1907, when it
ceases.

SALMON IN SOUTH AFRICA.

It will be remembered that some time
ago it was reported in the Seattle papers
that the British War office was purchas-
ing canned salmon on Puget Sound for
shipment to South Africa. Enquiry at
headquarters has after a due amount of
delay, elicited the fact that this is not
so. One shipment of canned salmon has
been made from Puget Sound to
South Africa direct, and another we
understand is contemplated. But these
shipments are to private parties there,
who believe there is money in importing
dried instead of from brokers in London.
Canned salmon is not on the public
ration of the British soldier, and neither
at home nor abroad is the War office in
the salmon market. The shipments of
salmon were intended, we are told, to find
their way into the Boer concentration
camps, which looks as though the luxu-
ries denied to the British army, if there
is a steady market for canned salmon in
South Africa importers there would not
go to the United States to purchase it
if preferential trade were established
within the Empire. We do not know
why they go to the United States now,
but apparently they do. The fact gives
color to the boasts being made by
American correspondents in South Africa
that the United States is capturing the
market there in competition with British
sources of supply.

The Voters' League will discuss the
question of water supply at its meeting
tonight.

A baseball umpire recently shot the
pitcher and attacked the spectators. It
is surprising that this is the first occur-
rence on which a baseball umpire has
done so.

We are of opinion that Mr. Russell
Sage is rich enough to afford a hack.
This opinion is not shared by Mr. Sage
himself, and the obstinate old fellow has
suffered in consequence.

The Colonist is in for a libel action
surely, having announced that "Pro-
fessor McMillan and a party of thirsty
botanists" had gone on an excursion in-
stead of "Professor McMillan and a
party of thirty botanists."

Wu Ting Fang, lately Chinese minister
at Washington, is about to write his
impressions of America and the Ameri-
cans. He is writing one book for Chinese
circulation and another for American
circulation. They would be more inter-
esting if they became accidentally
transported on their way to the publisher.

A gentleman who was present at the
Board of Trade meeting on Friday has
pointed out that in one part of our re-
port on an ambiguity as to what the Min-
ister of Mines said might give rise to
misapprehension of his meaning. In
speaking about fish traps and fisheries
rights, he is reported to have said:
"There was no reason why the rights
should be reserved for those at present
engaged in the industry." As a matter
of fact, Colonel Prior was careful to ex-
plain that the investment of a large
amount of money in canneries gave the
canniers a right to a sufficient supply of
fish for those canneries upon a charge
in the method of taking the fish. But
that other people had rights as well. No
one set of men could be given a mono-
poly. If the report had read, "There
was no reason why the rights should be
exclusively reserved for those at present
engaged in the industry," it would have
been as close to accuracy as is possible
in a very much condensed report.

LETTERS TO THE EDITOR.

THE FERNIE INQUEST.

Sir,—As foreman of the jury that sat on
the Fernie coal mine disaster, I feel bound
to take notice of an interview of Mr.
Lindsey, given to the Vancouver Herald
under the heading of "The Fernie In-
quest," in your issue of July 1st, under the
heading "The Fernie Inquest." I have
desire to put my views into print, but I can-
not permit certain statements made by Mr.
Lindsey and published as his own, to be
unchallenged. He states that "some of
the jurors were bitterly hostile to personal
reasons." This statement is not true, and
I invite Mr. Lindsey to publish the name
or names of those to whom he refers. Each
of the jurors were sworn to give a true
and impartial verdict, and I have no doubt
that they did so. I have no doubt that
they did so. I have no doubt that they
did so. I have no doubt that they did so.

MRS. F. V. ROBERTSON,

Sunday Concert.—The City band played at Beacon Hill on Sunday, there being a large attendance of citizens and visitors.

United in Marriage.—Mr. Charles Bigney and Mrs. Clara May were married at the Lonsdale hotel yesterday afternoon by Rev. Elliott S. Rowe.

Miner's Death.—Robert Kilpatrick, who has lived in Westport for 20 years, died at 94 Cook street yesterday. Deceased was a native of Sydney Mines, Cape Breton, aged 41 years. A widow, a son and two daughters remain to mourn his loss. He was a member of the Old Fellows and Masonic orders. On Wednesday the remains will be shipped to Nanaimo for burial.

Coming Event.—The Native Sons are arranging for an excursion to be held during the coming months to Plummer's Pass. The Vancouver and Nanaimo posts of the society will hold excursions coincident with that of the Victoria post, which will sail from here on the Yosemite, and all three posts will have a social gathering at Point Comfort.

Entitled to Vote.—It is understood that under the provisions of the Public School Act, those members of the Work Point garrison who have children attending the public schools are entitled to vote. The question arose at the recent election of a school trustee. Requinault, and five voters were challenged on the ground that the voters did not "reside" in the district, living as they did in barracks and paying no rent.

Getting Along.—The first concrete for the permanent roadway on Government street was laid yesterday, and work now will proceed without interruption. Good progress is also being made with the concrete steps at the Government street end of the retaining wall. City Engineer Topp is now one of the hardest worked men in the city, for besides the two big works he has a hundred smaller ones to attend to.

Timely Rain.—Yesterday morning's rain had the effect of putting a damper on the bush fires, which were just getting a nice hold on the forests in the districts. However, it might not have been quite as welcome to the farmers as it was to those who were anxious to see the fires put out, for there is still some hay cut in the fields and a lot of the grain will not be improved by a wetting. It did not rain and could not have done much damage.

Barbers Hold Excursion.—The Barbers' union of the city held their first annual excursion on Sunday, to Seattle, the steamer City of Nanaimo having been chartered for the occasion. The weather was excellent and the sea smooth—everything tending to make this first annual affair of the barbers a successful venture. About one hundred and fifty excursionists made the trip, leaving here at 7 a.m. and arriving at Seattle at 2 o'clock in the afternoon. Among the attractions at the Sound city was a baseball match between Helena and Seattle, and a hand concert at Madison park, by the hands, including the Fifth Regiment band of this city.

Again At It.—Only a couple of weeks ago the differences between the Webster and Curran families of Spring Ridge were aired in court, and now there is liable to be another airing. Curran is the pound-keeper, and he has had W. Webster summoned to appear in the police court to answer to a charge of keeping a dog which he alleges disturbs his sleep by continuously barking. Curran says he is taking the action in no spirit of vindictiveness, but to settle the vexed question as to whether a man can keep a dog which annoys his neighbors. As pound-keeper, he would like to know whether barking comes under the clause of the Pound by-law dealing with troublesome dogs. The case was called yesterday, but adjourned until the 28th, Mr. Morehead, who appears for Webster, not being able to attend until that day, and Curran also wanting to secure legal advice.

ROBBED IN 'FRISCO.
Victoria Nurse Had Her Money and Jewelry Stolen—Exaggerated Report.

The San Francisco Examiner of Tuesday last contained an account of a robbery in the nurses' dormitory of the French hospital of that city, stating that Miss Mary Jamieson, a nurse, who had gone to San Francisco to take a course in the nurses' school in connection with that hospital, had been robbed of \$900. As a matter of fact, Miss Jamieson, according to letters received by her brother, James, at her home and her jewelry. The money and jewelry was taken from Miss Jamieson's trunk in the dormitory. The Examiner says: "This apartment is one to which only the nurses are supposed to have access. The police and the hospital officials have concluded, therefore, that one of the nurses must be the perpetrator of the theft."

Excursion to Sidney.—On Saturday the Reformed Episcopal Sunday school intimated holding a picnic to Sidney, trains leaving the Market hall station at 10:30 a.m. and 2 p.m. A programme of sports will be arranged for the children, also swings are to be put up on the grounds. In fact everything will be done to give everyone an enjoyable outing. The spot that has been chosen is one especially adapted to carry out the desire, there being near Sidney a splendid beach and nice grounds. The ladies have taken charge of the refreshments, so that the best of everything may be coming back.

Are Coming Back.—The Pollard Juvenile Operative company is coming back to play a return engagement in Victoria. This announcement will no doubt be received with satisfaction by the theatre-goers in view of the success achieved by the talented children of that company during their recent engagement. When the engagement closed on Saturday night efforts were made to arrange for a return engagement, and yesterday Manager Jamieson received a telegram from Mr. Pollard to the effect that the company would return here and play a week at the Victoria theatre, from August 11 to 16.

For Seattle.—The excursion to Seattle next Saturday under the auspices of the Perseverance lodge No. 1, L. O. G. T., promises to be a great success. The steamer leaves at an hour in the morning sufficiently early to enable those who wish to combine business with pleasure to do so, and there is plenty of time for both, and that without having the additional expense of staying over at Seattle. The object for which this excursion is organized, is to secure for the benefit of the poor of the city. The fare is certainly within reach of any. All intending to go should secure their tickets at once, avoiding delay and the disappointment at the boat on Saturday morning.

THE McADAM CONTEMPT CASE

Possibility That an Apology Will Secure Recommendation to Leniency.

Hon. Joseph Martin, K. C., is in town in connection with the case of McAdams, the Sandon editor who was sentenced to nine months' imprisonment for contempt of court. Sentence having been passed upon the offender by the court, a manly apology to the judges for the offence which he carried out is now in the hands of the Minister of Justice. It is quite probable that had McAdams offered the bench a due apology for his unfounded strictures that he would have escaped with a fine, and however much the bench might be willing to exercise leniency, the stand taken by the offender precluded any other outcome than that which condemned him to nine months' imprisonment. It is stated that Mr. Martin has taken the case up with the idea, no doubt, of assisting McAdams out of the nasty hole into which his own perversity has gotten him, and should be even now offering a manly apology to the judges for the wrong he has done, it is quite within the range of possibilities that they would forward to the Minister of Justice a recommendation that the sentence of imprisonment be changed to a fine.

THE COURTS.
Motion for Judgment in Dockets v. B. C. Railway to Be Made This Morning.

When the sitting of the Supreme court for the trial of civil actions is continued at 10:30 this morning before Mr. Justice Walkem, a motion for judgment will be made by Mr. Cassidy, counsel for the plaintiff in the case of Dockets v. the B. C. Electric Railway company, in keeping with the verdict of the special jury, which awarded Dockets \$750 damages for the death of his son. In Beaven v. Marshall, an action by the Green-Worlock estate on a claim of banker's lien, judgment has been rendered. The other cases on the list are Collier v. Hibben, and Macrae v. Holmes.

Mr. Justice Drake presided in chambers yesterday and heard the following applications: Reay v. Reay.—A consent order was made for amendment of clerical errors in decree, on motion by plaintiffs. G. H. Barnard for plaintiffs, J. H. Lawson, Jr., H. B. Robertson and R. H. Pooley contra.

Neill et al. v. New Vancouver Coal Co.—On application of plaintiffs an order was granted for a commission to Ottawa to take evidence in the Department of Railways and Canals. L. Bond for plaintiffs, E. M. Yarwood contra. Massam et al. v. Standard Copper Co.—An order for discovery by both parties was granted. J. H. Lawson, Jr. for plaintiff, G. H. Barnard contra.

Marymont v. Cook.—An order was made transferring suit to County court. G. E. Powell for plaintiff, F. B. Gregory contra.

Okell & Morris v. Bennett Lake Navigation Co.—An application to proceed with accounts was adjourned. J. H. Lawson, Jr. for plaintiffs, W. M. Griffin contra.

In the County court, before Chief Justice Hunter, the case of the Okell, Morris Company, Limited, v. the Excelsior Biscuit Company, which was partly heard some weeks ago, was continued, and being brought to a conclusion, judgment was reserved. The claim is for some \$500. The account is disputed.

Your Eyes Hurt!
Don't you know the difficulty? It's time you consulted the eye doctor who does know. We'll take you to find out for you. We will tell you what your eyes need, and fit them with the glasses which will carry out the "job" when he undertakes, and for which he will have to serve a term in the reformatory. On Sunday morning one of the employees of the British American Paint Works and B. C. Soda Works, having occasion to go to the office on Humboldt street, found that during the night the office had been entered, the safe opened, some \$2 and a lot of valuable coins taken and papers strewn all over the office. Investigation showed that an entrance had been obtained through a door in the basement of the paint works, a board having been knocked out of the door and the catch slipped back. From here the boys went to the office and, finding that the combination had not been turned on the safe, had no difficulty in getting the outer door open. The inner door also responded easily, but the wood in the door having been locked, had to be pried open, this work being done, according to the story told by both boys, by Vasiliatos. Here the cash and coins were obtained. Detective Perrine and Sgt. Walker were to work on the case and found that the boys had changed some of the old coins at Chinese and Japanese stores and spent the proceeds.

The boys were arrested, but not before they had entered the club house of the Victoria Yacht club and destroyed books and an old piano which was in the club room. They admitted the crime, and Vasiliatos being, by his own admission, the guilty one, was sentenced to three months for the burglary and two months for entering the yacht club house.

Stomach and Liver Troubles

Indigestion and Severe Headaches Resulting From a Sluggish Liver.

Dr. Chase's
Kidney-Liver Pills

The liver is responsible for more ills and suffering than is generally supposed. Once the workings of the liver are disordered, the blood is not properly filtered and four impurities are lodged in all parts of the system. Much of the success of Dr. Chase's Kidney-Liver Pills is due to the fact that they act directly on the kidneys, liver and bowels, making them active and regular.

Mr. B. Knowles, broom maker, 586 Main street, St. John, N. B., writes: "For years I suffered from kidney and liver disorders. I had severe pains in the back and they caught me especially when I stooped over. I was also troubled with indigestion and severe headaches."

"I began using Dr. Chase's Kidney-Liver Pills and cannot speak too highly of this medicine. For it has done me a world of good. The back pains and headache have been entirely cured, and my digestion is good."

Death at Hospital.—Charles McCord, a well known character, who has been a resident of Victoria for many years, died at the Jubilee hospital Saturday night.

Moonlight Excursion.—The moonlight excursion of the Epworth League of the Spring Ridge Methodist church held last night on board the steamer City of Nanaimo, attracted a large crowd, and some 300 excursionists made the trip to the Royal Roads and around the flagship at Esquimalt.

Medal Winner.—Wilhelmina Baxter, of the South Park school, wins the Governor-General's medal for the city. Her marks of 908 out of a possible 1,200 is not only the highest in this city, but within the province as well.

Reckless Shooting.—Residents and campers at Cordova Bay complain of the reckless shooting indulged in by some of the less orderly portion of that community of campers. A farmer states that on Saturday last while roving his two little girls across the bay he noticed a young vagabond on the beach pointing a small rifle in the direction of the boat, and immediately after the bang of the gun a pellet hit the water a few feet from the little girls. There are a number of youngsters who are camping out without the care and supervision of their elders, and these, with beneficial results some little attention might be directed by those whose right it is to guard the peace of His Majesty's subjects.

NATIVE SONS.

Annual Meeting of the Grand Lodge Now in Session in This City.

The annual meeting of the Grand Lodge of the Native Sons of British Columbia opened in Pioneer hall yesterday morning and continued until an early hour this morning, most of the afternoon and evening being taken up in a discussion on proposed amendments to the constitution. In the morning the reports of the officers were received, showing the order to be in a flourishing condition, the membership being continually on the increase. The lodge will be in session for several days. The delegates are:

Nanaimo, Post No. 3—V. W. Stewart, Jos. E. L. Muir and Will F. Norris, grand secretary.

Vancouver, Post No. 2—J. G. Ure and W. H. Ker.

Victoria, Post No. 1—J. Stuart Yates, Frank Hargrave, Sam. J. H. Hendon, W. C. Moresby, Geo. T. Fox, Phil R. Smith and Dr. J. D. Helmecken, grand father.

HIGHEST OF SEASON.

Retail Grocers to Hold Their Annual Picnic at Koksilah Tomorrow.

What will no doubt afford the most enjoyable day's outing of the season is the Grocer's big picnic to Koksilah tomorrow, for which they have arranged for an excellent service. The picnic leaving the E. & N. depot at 8 and 9 a.m. and 2 p.m., returning from Koksilah at 5 and 6 p.m. An ideal spot has been selected, and the programme of sports and games as already published in this paper will no doubt, besides causing much amusement to the spectators, bring forward a number of promising candidates for the athletic arena. The roads in the vicinity of Koksilah are in perfect condition for wheeling, the trip along the Cowichan Flats being a most picturesque one. For the accommodation of bicyclists, etc., a special car will be sent to Koksilah and bicycles will be carried free of charge. The fare for the return trip will be one dollar for adults and twenty-five cents for children under 12 years of age, the grocers being determined to have a large number of small folks.

All the grocery stores and butcher shops will be closed to enable the employees to attend. Some of the grocers to be closing for the day, among them R. P. Rither & Co., Ltd., who announce that their salesrooms and warehouses will be closed.

COURTESY APPRECIATED.

Curator Fannin Thanked For Keeping the Museum Open.

Mr. John Fannin, curator of the Provincial museum, is in receipt of the following letter from the secretary of the Tourist association:

Victoria, B. C., July 16, 1902.

John Fannin, Esq., Curator Provincial Museum.

Dear Sir:—I am instructed by the Executive committee of the Tourist association to convey to you their hearty thanks for your kindness in keeping the museum open for visitors after hours, and on last Sunday afternoon.

The strangers greatly appreciated your courtesy, which permitted them to enjoy a very interesting afternoon.

Yours very truly,

FRANK I. CLARKE, Secretary.

MOTHER AND BABY.

When it is found impossible for the mother to nurse her baby in the hot summer months, it is well to know that Lactated Food is a perfect substitute for the mother's milk. This life-saving food is relished by the babies when milk and other dangerous foods cannot be obtained by the weak stomach. Lactated Food should be used by every mother who would have her baby strong and happy.

"NOT DEAD BUT SLEEPING."

(Benjamin Gordon, died July 20, 1902.)

If this frail human organism of rhyme, Breathed o'er thy sleep, might rise to Thee, thy dreams benign and radiant be, With joys attuned to this celestial time. But friend, there is no need; for now the chime Of immortality upon thine ear, Theophany falls, emphatic, clear: Thy sight illumined anew with rays sublime, Upon a sickle leaning by the war, Who wipes his brow and scans the twilight air.

Bidding adieu unto the well-spent day, While golden lustre shimmers down the West; Thou takest thy homeward path, and I, a slink to rest.

TWENTY YEARS OF VILE CATASTROPHES.

Chas. O. Brown, journalist of Duluth, Minn., writes: "I have been a sufferer from throat and nasal catarrh for over twenty years, during which time my head has been sore and my condition very miserable. Within fifteen minutes after using Dr. Agnew's Catarrhal Powder I obtained relief. The very next morning I was entirely cured me."

Sold by Hall & Co., and Jackson & Co.

A report was received at Dallas, Oregon, that four men engaged in work on the Columbia river and Northern rail way at Lyle, on the Columbia side of the river, were killed by a dynamite explosion which dropped it. The contents exploded, killing all the four and seriously injuring a fifth.

Anderson, of Toronto, has been appointed by the government to visit the Yukon to investigate trade matters. He will leave at an early date, and his duties will be to investigate the Yukon trade and to report on the condition of the Yukon river and the surrounding country.

Death of Ben Gordon

A Well Known Businessman
Passed away at his Residence Sunday Night.

Leaves a Widow and Four Sons
— The Funeral Arrangements.

Ben Gordon is dead. This announcement made yesterday morning, while not a surprise to his friends, was a sudden shock to, and caused universal regret among, the general public, for in the business, social and domestic circles there was not a man more popular and generally respected than was Mr. Gordon. Death came to him on Sunday night, after a long and painful illness. He had been ailing for some time, but not until last fall did serious symptoms manifest themselves. Then, with the hope of bettering his health, he paid a visit to California, remaining throughout the winter. While the change apparently did him good and he returned looking much better than when he left, the improvement did not continue; in fact, soon after his return he was again a very sick man, his ailment being what is known to the medical profession as spleenic inkemia.

Mr. Gordon first came to Victoria some seventeen years ago. For some ten years previous to that he had been a resident of Winnipeg, latterly holding the important position in the Prairie City of manager and buyer for the grocery and liquor department of the Hudson's Bay company. He gave up that position to come to Victoria and enter into partnership with Mr. James Angus in a similar line of business, they purchasing the business of A. O. Gordon, then conducted at the corner of Port and Government streets, afterwards taken over by Eschke, Wall & Co. This business the deceased carried on with Mr. Angus for a number of years, returning to Winnipeg to embark in business with Mr. Fred Buchanan and establishing the concern now carried on by the Gordon-Buchanan Company, Limited. A few years ago Mr. Gordon again came to Victoria, this time as the Western representative of Hiram Walker & Sons, and in this position he continued until the time of his death. The deceased was born in Ottawa on August 11, 1856, so that he was not yet 46 years of age. In 1882 he married Ellen Jane McMillan, sister of Sir D. H. McMillan, lieutenant-governor of Manitoba.

During his younger days Mr. Gordon was an amateur athlete of no mean ability, and he had many trophies won in contests in the field, principally on the track, excelling as a runner. In after years he continued his interest in athletics, and was a liberal supporter of all amateur sport. He took a keen interest in the J. B. A. A. and last year was one of the officials of the N. P. A. A. O. regatta; in fact, he was always to the front in every movement that tended to encourage and improve sports. Charitable works likewise ever secured his sympathy and support, and for several years he was a valued member of the board of directors of the Jubilee hospital. He never sought political preferment, though there was probably not a man in the city who would have cured stronger personal support, being deservedly popular and very highly esteemed by all with whom he came in contact.

He leaves a widow and four young sons to mourn his loss, and they have the sympathy of the entire community in their bereavement. His only other relative is a brother, William H. Gordon, of Winnipeg.

The arrangements for the funeral have not yet been made, being left pending advice from Sir D. H. McMillan, who is expected to come to Victoria. Mrs. Thompson, Mrs. Gordon's sister, arrived from Winnipeg on Sunday evening.

The funeral will take place on Wednesday afternoon at 2:30, from the family residence, "Fairfield," and at 3 o'clock at St. Andrew's Presbyterian church.

AN OMEN.

Some are seeing an omen in Sir Wilfrid Laurier's going down a private staircase into the Palace yard. Superstition has a mighty hold of the people, and it takes the very weak-minded, indeed, though, to find a forecast of the Premier's purposes in his going down stairs.

A Time of Anxiety and Fear for Thousands Around Us.

PAINE'S CELERY COMPOUND

Will Banish the Summer Blues and Other Distresses That Make Life Miserable and Unhappy.

This is the season when we hear men and women complaining about their unhappy and half-dead condition. They find that physical and mental energy has deserted them, and they are sinking deeply in the pit of despondency. The hot summer weather always produces thousands of miserable feeling mortals. They lack nerve force, strength and true vitality. They cannot rest day or night, and life becomes a burden.

The great reaper, builder and strength-giver for all weary, worn-out and suffering people is Paine's Celery Compound, now so universally prescribed by medical men. When the great medicine is used at this season, languor, despondency, irritability, nervousness, sleeplessness, headache, dyspepsia and digestive troubles are permanently banished, and men and women go about their duties and work with a vim, will and energy that indicate health and physical strength. Mrs. Anna Dawson, Wilkesport, Ont., says:

"I consider it a pleasure to put on record what Paine's Celery Compound has done for me. I have been afflicted with nervousness and sleeplessness. All ordinary medicines failed, and nothing met my case until I used Paine's Celery Compound. Now I never miss a night's sleep. I strongly recommend your medicine to all nervous sufferers."

Hibben Cup For Highest
Average.

The results of the High School entrance examinations have just been announced. The examinations were held on the 23rd, 24th and 25th June, at Nanaimo, Nelson, New Westminster, Rossland, Vancouver, Vernon and Victoria. The total number of pupils presented was 420 and the pass list numbers 279. The work of many of the schools was excellent; of some very poor. The examinations report a slight improvement over the manual work, but this important feature of school-work still deserves attention, especially in the case of the rural schools.

The following gives the number of pupils presented, the number passed, and the percentage of successful pupils of each city:

	Presented.	Passed.	P.C.
Nelson	13	11	84.61
New Westminster	83	47	56.61
Nanaimo	21	17	80.95
Vancouver	110	80	72.73
Vernon	9	7	77.77
Rossland	17	7	40.00
Victoria	15	9	60.00

The following shows the standing of the several schools, arranged according to the percentage of successful pupils:

	Presented.	Passed.	P.C.
